THE GAZETTE.

TUESDAY EVENING, AUGUST 19.

JUDGMENT DAY IN A NEWSPAPER OFFICE. -A few weeks since, the idea took very stong possession of the minds of the proprietors of this journal, that if they furnished the paper to subscribers they ought to have the money for it. It was an audacious departure from the regular country newspaper theory. but some facts gave it color of right. On figuring up, we found that there was enough money due us to buy three respectable farms, and for the raw paper and labor furnished enough lucre had been spent to put houses on then. Such figures as these would carry conviction to the most sinful heart so we determined to reform and we told the public so by postal cards. The Vindicator counting room was not a happy place to stay in after they got about. One subscriber said he had never heard of such a thing in his life. We don't believe he ever had. He left a very severe message that we must stop his paper, and he would send the money by-a man. We have not seen the man; probably he is sick somewhere. One subscriber was a lady, who said she would send the money "around," and the proprietor that was waiting at the counter couldn't tell her that wouldn'tdo. He came away wishing he had never gone into the business. Somehow money that is sent "around" keeps on going "around" and don't ever get to the office. We don't blame anybody, but it is a fact.

are lying awake of nights we wish we were rich, and could build churches and free orphan asylums, and let all the poor people have lots of money at 15 per cent a month, and all that other woven fabrics. sort of thing. But then you know we can't do it yet, and when we can we will send around some more postal cards and tell 'em.

To be serious, our subscribers generally met their obligations promptly, and are as much pleased with the new pay in advance plan as we are. It would be the making of journalism in Virginia if all the press were to do the same thing. - Staunton Vandicator.

Potomac Pearl Hominy Mills.

GEORGE R. HILL & CO., ALEXANDRIA, VIRGINIA.

With a view to the fall trade, we respectfully announce that these Mills are now completed, and that we will take pleasure in showing samples of all our goods (now manufacturing) to dealers or others intered. We manufacture PEARL HOMINY, GRITS AND SAMP, AND

PEARL FLOUR AND MEAL. The offal from these various articles combined makes a very valuable article of food for horses and cows, to which the attention of those inter-

ested is invited. We claim superiority for the Hominy made upon our Patent Mills for the following reasons:
First. It is made from day corn without having to go through the soaking process necessary in the old way of making hominy, for the purpose of removing the husks, which causes it to begin to spoil from the moment it is thus made, Whereas our process puts it in a drier condition

than corn ever is naturally. Secondly. The same bulk of our Hominy will produce fitty per cent more of the cooked article than by the wet process, as ours swells while cooking, while the other swells while soaking, before being cooked.
Thirdly. It takes half the time to cook.

Fourthly. It can be shipped with safety from spoiling to any climate, making a cheap substitute for rice and beans.

The above also applies to our Pearl Corn Grits. The best proof of the superiority of Hominy and Grits made upon our Patent Mills is that they have been adopted by the Army and Navy of the United States, and approved by all who have used them.
